PRICE FIVE CENTS

Farmers Receive Fifty Percent of Excess Due on Canadian Wheat Board Certificates About July 15th

Announcement Made in House of Commons By Sir George Foster Just Before Bill to Empower Government to Extend Jurisdiction of Board, if Necessary, Was Passed—Payment Will Not Be Less Than Twenty Cents a Bushel

OTTAWA, June 28.—Farmers will receive fifty per cent. of the excess due on Canadian wheat board certificates about July 25 next. Definite announcement has been made that this excess on the original wheat price will be at least forty cents per bushel.

Just before the bill to empower the government to extend the jurisdiction of the Canada wheat board, if necessary, Sir George Foster announced that the wheat board would pay fifty per cent. of the amount due farmers out of the profits made by the wheat board on or after July 15th.

Interviewed by The Canadian Press regarding the exact effect of the announcement, Sir George stated that the exact price of the wheat crop could not be decided yet. Several million bushels remained to be disposed of by the board, but meantime the board would be able to make a fifty per cent. payment to wheat growers and this would be not less than twenty cents per bushel. The balance would be payable when the marketing of last season's crop was completed, or later than the end of the present year.

OTTAWA, June 28.—Sir George Foster again submitted to the house in committee his resolution for the extension of the Canada Wheat Board. He had a statement to make, he said, on a subject which was of great importance to the Canadian wheat farmer, as well as some gentlemen outside the board, but meantime the board would be able to make a fifty per cent. payment to wheat growers and this would be not less than twenty cents per bushel. The balance would be payable when the marketing of last season's crop was completed, or later than the end of the present year.

After Sir George had announced that the wheat board would pay fifty per cent. of the excess due farmers out of the profits made by the wheat board on or after July 15th, he passed all stages of the bill.

House Likely to Adjourn Before Dominion Day — Murdoch Charges Come-While

Ottawa, June 28—While a definite date has not been fixed, it is expected that parliament will adjourn on Wednesday.

Ottawa, June 28—(Canadian Press)—Working until the clock struck midnight on Saturday, the Commons finished what is expected to be the last full week of the present session. The date of prorogation, it is stated, has not yet been definitely fixed although Tuesday was mentioned.

The day was suggested however before the resignation of Commissioner Murdoch and his subsequent leaving of the Commons relating to the resignation of John Hobbins. It was brought up by the Commons matter very much into the limelight. It has been arranged that on a motion to vote supply, either on Monday or Tuesday, the whole matter of the Board of Commerce and its somewhat untimely activity will be aired. It is only likely that this debate could be finished in less than a full day's talking.

Whether or not there will be an adjournment before the end of the week depends on the government's intention in regard to re-constituting the board. It is probable that in many quarters there is a feeling that the board is a cumbersome body. The board announced in the house on Saturday that it would resign. The commissioners on the matter would be in due course, and that in the meantime the board should be reconstituted. The resignation of Commissioner Murdoch was not taken effect until June 28th. It was for three more days there is still an commissioner in office.

It was a strong effect, in any case, to complete the work of the board. It was expected that the latest, so that prorogation may take place by Dominion Day, which falls on Wednesday.

Ask N. W. A. Act Changes

Ottawa, June 28—(Canadian Press)—The senate, Saturday, joined with the commons in passing the British North America Act to amend to give extra territorial authority to Canada.

Senator Bradbury protested against the government's failure to complete the refuge harbor at the George's Head, Lake Winnipeg, he feared loss of life would result.

The bill to amend the Pension Act was given third reading.

Mr. James Leighton said, under the increase in Canada's pension bill, under the act, would be about \$3,000,000. The increase was in the form of a bonus and pensions could be readjusted when normal conditions prevailed. Senator Power thought that Canada was exceedingly liberal to her pensioners, but doubted whether any government would have the courage to reduce the scale when living costs diminished.

The bill was given third reading and the senate adjourned at 2 o'clock Monday afternoon.

IMPORTS TO HALVE IN DECREASE FROM 1919.

Washington, June 28—(Canadian Press)—Imports to Great Britain from Canada during the first three months of the year, while less than in 1919, were three times those of 1917, according to reports to the United States department of commerce from the United States consul in London.

Australian and Indian imports, both proportionately advanced by a little less than Canadian. All these large advances are due principally to the much higher cost of goods, the report says, for comparatively few quarters.

Policy of the Board

The policy of the board primarily is to secure settlement. It is not confined to the C. W. P. It extends to all lands. The board is a valuable land for soldier settlement was not contemplated. The board men have purchased lands, and many more are applying to purchase lands from private owners, some of them in the district including the Pope lease. It is not practicable to deposit from the basic principle of the board's policy in the case of lands of this class. Further, it is not desired that these lands should be conveyed by men who possibly might be attracted by a valuable gift rather than by a desire to become producers and stay permanently on the land. The preference is to give them to the men who are applying to own and a purchase policy in any event.

It would be infinitely unwise to those who have purchased land to make a free gift of these few parcels. Prior to the surrender of the Pope lease, the board's policy with regard to especially valuable lands was announced. Doubtless lands in Saskatchewan have already been disposed of in this way.

Hon. C. R. Mitchell Addresses Farmers Regarding Irrigation Extension

Lethbridge, June 27—At a meeting on Friday attended by 400 members of the Lethbridge Irrigation Association, a resolution was passed calling upon the provincial government to take emergency steps to provide money to make a start on the bridge northern five-million dollar project. The resolution was double-edged—to get construction started, and to provide work for farmers whose crop was blown out by the storm on June 5.

Hon. C. R. Mitchell, provincial treasurer, was present and said that it would take a million dollars to take the hands of the bridge and this could be secured only by a lieutenant-governor's warrant.

He did not think the emergency warranted such action. He told the meeting however, that Premier Borden had written Premier Borden requesting negotiations looking to cooperation between the two governments in an effort to provide money to take up the bridge bonds until such time as they might be absorbed in the regular way.

ANARCHISTS IN ANCONA DEFIANT AND WELL ARMED

Battles With Police Becoming Frequent and Large Numbers

Rome, June 28—Further disturbances in and around Ancona are reported in dispatches from that city. Anarchists are concentrating around the labor bureau in Ancona and dispatches indicate they have a machine gun. Three have been killed in encounters with the police. An attack was made on carabinieri barracks and a number of hand grenades were thrown but the anarchists were unable to enter. Reinforcements rushed to the scene were met with shots from neighboring houses, and, it is said, women participated in the fight.

Two trains were attacked near Borgocasa. On one train eight passengers were wounded, and five of them subsequently died. The other train was carrying police, of whom four were wounded, and one killed. A destroyer has arrived at Ancona with reinforcements for the troops there. The impression prevails here that these disorders are part of a deep scheme to overturn the social order throughout the entire country. Unemployment is the alleged reason for the strikes now in progress and for rioting.

At Cadore, red flags have been hoisted above the municipal buildings. Telegraph lines have been cut, and roads blocked with trees at Lamon.
